

## MUSEUM HISTORY PROJECT

You and your teammates have been hired by the local history museum to create a display on a particular region of the world. The display needs to tell the visitors at the museum about the history of your region as well as the people, culture, and geography. Focus on the time periods between 300 C.E. and 1500 C.E. You will have 4 days in class to work on this.

### **Each display needs to include the following items:**

1. Hand-drawn map of the region
2. Description of the Government
3. Interactions with other civilizations
4. Description of the culture:
  - a. Society
  - b. Class Structure
  - c. Religion
  - d. Languages
  - e. Status of Women
5. A 3-D “artifact” that relates to your project
6. Handout for classmates of important information

Make sure your display is neat, complete, colorful, and informative!  
Your grade will be based on the contribution you make to your group!
